

# Adobe Acrobat - Print Option Settings

It is important that your Adobe Acrobat print options are set correctly for Auto ID Cards to print properly on the perforated and watermarked card stock. AutoIDweb places the elements of each Auto ID Card precisely into the PDF file so you want to make sure that Adobe Acrobat doesn't scale the document when it prints. Each version of Adobe Acrobat calls this scaling option something a bit different, so find out what version of Acrobat you are using then follow the directions below to make sure that your ID Cards are being printed full-size.

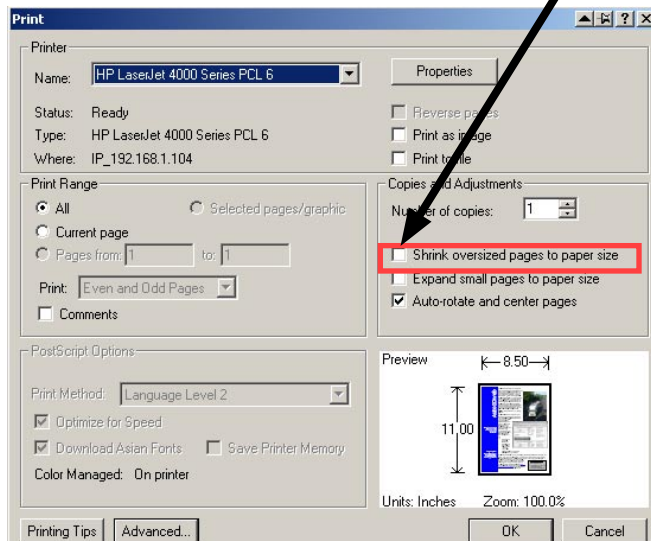

## Adobe Acrobat 6 - Print Dialog Box:

Ensure that the "Page Scaling" dropdown box in the "Page Handling" section of the Print dialog box is set to **None**.

## Adobe Acrobat 5 - Print Dialog Box:

Ensure that the "Shrink oversized pages to paper size" option in the "Copies and Adjustments" section of the Print dialog box is **Unchecked**.

### Adobe Acrobat 4 - Print Dialog Box:

Ensure that the “Fit to page” option in the “Printer” section of the Print dialog box is **Unchecked**.
